

Equality Objectives 2016-17

We strive to make the best possible provision for all students. We respect diversity. We know that treating people equally is not simply a matter of treating everyone the same.

Our equality objectives for 2016-17

1. Develop a programme of professional learning for all staff to best address the needs of individual students and improve student outcomes.
2. Develop tutoring and PD programmes to recognise, celebrate and discuss different aspects of a diverse British society, challenging prejudicial views.
3. To explore and understand the issues that lead to underachievement of specific cohorts, so that the academy continues to improve educational outcomes for all.
