March 2017

Dear Student

### **Retford Post 16 Planning for the Future Evening 23<sup>rd</sup> March 2017**

As part of the thriving Student Extended Leadership Team here at Post 16 we would like to invite you to the Retford Post 16 Planning for the Future Evening 6-8pm on the 23<sup>rd</sup> March.

Attending the event will be an excellent opportunity for potential definite or still undecided students to experience our community and be better prepared for life in the sixth form.

Alongside all the expert staff around to answer your questions about academic life at the centre, events to give you a taste of what we really love about our centre will be going on. Fancy having your hair and make-up done by our very own NNC students? Want to try your hand at some of our enrichment clubs and activities like breathing for strength or learning sign language? You can do all of this and more whilst meeting lots of us and our very own avatar!

If you're not tempted already then how about testing your fitness with the NNC Sports Science students? Demonstrating and guiding you through use of equipment designed to build core strength, stamina and brute strength, these students are always happy to take on a challenge so bring your friends and test your strength.

Finally as if all that wasn't enough, the Post 16 Centre can always be relied on for outstanding catering facilities so even if you just want to come along and have a look at our fabulous building, chat to some of the students to get a sense of the atmosphere at Post 16 and grab cake and coffee come along and feel confident you can make an informed choice about your future.

See you there

Tatenda and Abbie
